## POLICIES & PROCEDURES

**1. The minimum order depends on customer type, please contact our customer service department to determine your minimum order. ALL ORDERS ARE COD.** Special arrangements **ONLY** by Julie.

**2. ORDERS MAY BE PLACED** between 8:30 AM and 4:00 PM Monday through Friday. Call orders in early enough to be completed by 4:00 as there is much to do before our day is finished. Place add-ons early and in their entirety to ensure that we will be able to get them on your order.

**3. COLLATE YOUR ORDERS** before calling them in, ordering total quantities of each item. Multiple entries cause errors and confusion.

**4. REPACKS:** Items with one * are repacked in 5# increments for an additional **25 cents per pound**. Two ** indicate 10# and 11# increments with an additional charge of **15 cents per pound**:. Sale prices apply to full quantities only. Repacks revert to the regular price plus the repacking charge.

**5. CHEAPER BY THE CASE:** In most cases, an item sold by the each, or piece, will be cheaper by the case, **generally 4 % less by the case**. Ask if there is a case discount price when ordering. Sale discounts which are greater override the case discount.

**6. PRICES CAN CHANGE WITHOUT NOTICE,** as prices from our suppliers fluctuate. We try to inform you of changes as you order.

**7. SALES TAX:** We **MUST** have your tax exempt number on file in our office in order to sell you taxable items without charging sales tax.

**8. WE TRY TO BE ACCURATE** in our descriptions and ingredients. It is important to us to represent products honestly but we cannot be responsible for typographical errors or omissions. Let us know if we are in error and we will try to correct the mistake.

**9. DELIVERY TIMES ARE APPROXIMATE.** It is impossible to estimate your delivery time until all the orders for a run are placed. Call the day of or the day before your delivery and we will try to approximate your delivery time. When inquiring about delivery schedules and times, please refer to the route number which appears on the heading of every invoice. Our drivers will do their best to let you know when to expect them and will call you ahead if you request this service when ordering. You must provide an alternate contact person and phone number if you will be unreachable the day of delivery. We will try to reach you; please try to be reachable! If you have any questions, please inquire. We'll help if we can.

**10. PLEASE HELP THE DRIVERS UNLOAD YOUR ORDER.** They have come a long way and they have a long way to go. Anticipate the truck's arrival by scheduling personnel to help the driver unload the truck and provide an adequate site for unloading the truck that is level and off the road if possible. Walkways and stairs should be free of ice, snow and other hazards to minimize the risk of injury to our drivers and those helping them. We reserve the right to not make a delivery if doing so endangers the truck or the driver. Both are valuable to us, so we ask for your understanding if weather, road or other conditions prevent us from making your delivery. Safety is our primary concern. We reserve the right to assess a DELIVERY CHARGE to accounts that do not have help for our drivers. This is a case by case assessment. You will be notified if we feel that it is appropriate to apply this charge.
***** Please verify a piece count with the driver.**

**11. WE CANNOT ACCEPT CASH PAYMENTS:** Please do not pay our drivers in cash. They will not be able to accept cash, so payments must be made by check or money order. If this presents a problem, please contact customer service to make other payment arrangements.

**12. BAD CHECKS:** We charge $15.00 for each bounced check. Please communicate with us and avoid having your checks returned.

**13. SPECIAL ORDER POLICY:** Please BE SURE that the items you special order with us, are in fact what you want. You must provide accurate and complete information about the product. We do provide pricing on special order items.
a) All special orders are pre-pay. We will not place your order unless we have received payment from you.
b) The only exception is for regular, weekly customers who may circumvent this process ONLY if we have a commitment form signed by the store manager. We will automatically bill your account for the product regardless of whether you or your customer changes their mind. There are no exceptions here, so please be sure about special orders before you make a committment. Once we place this order with our vendor, the product belongs to you- **NO EXCEPTIONS.**

**14. RETURN POLICY:** If there are errors, damages or missing items on the order being delivered, our drivers are authorized to make the necessary invoice adjustments. Any problems with your order after the driver has left MUST be called into customer service **WITHIIN 15 DAYS**. Be sure to ask for your credit confirmation number from the representative who assists you. The confirmation number will help expedite the credit process.

We will **not be responsible for any freight charges** on product returned by any means other than our trucks. If you get delivery via any common carrier, please be aware that you will NOT be able to return unwanted or damaged product. Please sign the bill of lading listing damages. We will file a claim with the trucking company who delivered your order.

Returns do not guarantee credit will be issued. All claims must be verified by our internal staff. If claims cannot be substantiated, product will be returned on your next order at no additional charge.

*****PLEASE NOTE:** We cannot accept returns on books, CDs or apparel since doing so diminishes the quality of the merchandise. Exchange CDs directly with Putumayo.

**Our drivers are not allowed to pick up returns from a previous shipment unless you have called our customer service department for a credit authorization number. The driver must have an authorization form pre-approving pick up of product. Credits will not be issued on product returned without prior authorization.**

*****PLEASE NOTE:** All products MUST be returned in the original packaging and in resaleable condition. Price stickers must be removed prior to returning and products must be in the original lot size sold. Organic repacked product must have the AB label with the lot number. **NO EXCEPTIONS WILL BE ALLOWED.**

Associated Buyers reserves the right to charge a 10% restocking fee on all misordered or overstocked items. All credits are issued upon receipt of the merchandise to our warehouse for evaluation.

**15. ADDRESS YOUR CONCERNS,** questions or return information to the same customer service representative until the issue is resolved. Please ask for their name if we neglect to give it to you. Any follow-up calls that may be necessary should be directed to the same person unless they are unavailable.

**16. BOTTLE POLICY:** Deposits at 5 cents per bottle or can on carbonated beverages. We will pick up empties in Maine, Vermont, Massachusetts. Maine bottle return also includes 32oz glass juice bottles. Please put them back, rinsed, in their original cartons. We can only be responsible for cans and bottles from products which you purchase from us. NH does not require a bottle deposit.

**17. BOTTLE RETURNS** should be made to Associated Buyers whenever possible. All bottles must be washed out and free of their caps before our driver will pick them up. We will not pick up or give credit for returns which are not properly cleaned. State return bottle laws include "CLEAN" as a condition of return, and we will enforce the rules. Redemption Centers are difficult for us to pick up from, therefore we prefer receiving bottles and cans back from our customers. NO CAPS

**18. LET US KNOW** if there is anything you would like us to carry. We'd be glad to check it out.

**19. OUR INVENTORY LIST IS AVAILABLE IN ELECTRONIC FORMAT,** (**Word, Text, Excel, or PDF**- please specify one) that we could email to you upon request. Please call Customer Service or email them at info@assocbuyers.com. (please note that a PDF of our complete catalog is a very large file!)

**20. CATALOG SUBSCRIPTION IS NOW $30.00 ANNUALLY**

## Multiple Organics

### Let Them Eat Chocolate!

San Rafael, CA
Tue, 13 Sep 2011

**Multiple Organics** now offers organic chocolate ingredients made in allergen-free, gluten-free facility; available in fair trade!

### *Allergen Free Fair Trade*

Today in the United States alone, more than 12 million people have food allergies, representing six to eight percent of children under the age of three and nearly four percent of adults. In addition, 1 in 133 people have Celiac Disease and cannot eat gluten and many more have gluten or other food sensitivities.

Avoiding these allergens is already challenging, but what makes it even more so is the fact that most products on the market—including chocolate—are usually processed in facilities that also process allergenic foods, leading to contamination.

To sweeten the options for those avoiding allergens, Multiple Organics, Inc. now offers USDA- and EU-certified organic chocolate ingredients that are made in a dedicated facility that does not process any major allergens including dairy, peanuts, tree nuts, eggs, soy, wheat or other known sources of gluten such as barley, rye and triticale.

Also, to prevent contamination, **Multiple Organics** brought in a food safety microbiologist to help its partners set up extra precautionary measures, such as requiring employees to eat lunch in another facility and scrub down prior to re-entry.

## Multiple Organics
cont.

Produced by a family-owned cacao processer in the rainforests of South America, **Multiple Organics'** single origin, premium organic chocolate ingredients include chocolate chips. This product is also free of soy-lecithin, a common emulsifier used in the majority of chocolate products.

Socially Responsible Allergen-Free Indulgence. All of these chocolate ingredients are available as certified fair trade—another growing area of demand. Studies show that 78 percent of consumers who are aware of the fair trade claim have purchased fair trade certified products in the last year.

Additionally, to support farming communities, **Multiple Organics** recently launched a program to provide solar powered lighting to many of its cacao farmers who live in remote areas of the Andes Mountains with no access to electricity. Details on this project, set to be completed by the end of 2011, will be released soon.

Going the Extra Step—Laboratory Testing. While others may claim that they have a "dedicated allergen-free facility," this is not always enough to ensure that the end product is truly free from contamination. Thus, in addition to sourcing from a dedicated facility,

**Multiple Organics** will also test each lot in a third-party laboratory for specific allergens or maximum gluten levels based on the requests of each client. In accordance with the **Multiple Organics' Safety and Testing (MOST)** program, these chocolate ingredients are also tested for microbiological pathogens and radiation, and production is audited by a global food safety expert.

## Multiple Organics
cont.

**MOST** also includes random testing for heavy metals and pesticides.

"Testing along with all the other steps involved in **MOST** means that we are doing everything we can to ensure that the food we offer is as safe as possible," says Dave Lanstein, founder and CEO. "Food should be fun and enjoyable, but providing food is a great responsibility, too—one we don't take lightly."

## *Organic Allergen-Free* Chocolate Chips

Delicious and good for you, too! Did you know that the cocoa in dark chocolate contains high concentrations of flavanoids that may provide health benefits such as decreasing the risk factors for cardiovascular disease? Compared to green tea, red wine, and many fruits and vegetables ounce for ounce, the cocoa in dark chocolate has greater flavonoid content.

Available in Fair Trade and from an allergen-free facility.

*Ingredients: Organic cane sugar, Organic Cocoa Liquor, Organic Cocoa Butter.*

## La Meunerie Milanaise Inc.

## Organic Flour

100% Natural

High Nutritional Value

Unique Flavor

***Artisanal milling with low processing temperature***

For over 25 years, La Meunerie Milanaise Inc. has been a pioneer in artisan milling in Quebec. Our strong ecological value has helped the company to break through the North American market.

Stone and steel milling, with its low processing temperature, preserves more of the grains nutritional value. We use only first quality grains for our Milanaise flour.

These products are designed to satisfy the ever-growing demand for healthy, natural foods that contain no additives or preservatives.

Our flour will satisfy customers who are looking for genuine flavor and excellent nutritional values.

### Company Background

Lily Vallières and Robert Beauchemin, owners of La Meunerie Milanaise inc., have been producing organic cereal grains on their farm in Quebec's Eastern Townships area since 1977.

## La Meunerie Milanaise Inc.

## Organic Flour

continued

The organic industry was at its infancy in the seventies so there were few market opportunities for organic cereal grains. It was decided to build a small on-farm mill.

It was in 1982 that the first set of stones went into production; the mill was designed in the US and the stones were of pink granite from North Carolina, well known for their hardness, which is an essential quality to provide quality milling.

Stone milling is an art: while there were many stone mills in operation at the turn of the previous century in Quebec, it is a trade that was practically lost. We had to learn the art of milling.

To maintain and enhance the quality of milled flour, a miller must re-surface his stones after a certain tonnage. This is a laborious process where the mill must be taken apart to resurface the stones with a pneumatic hammer.

Our first mill had a 20 inches stone and was driven by a stationary engine. Its 200 kg/hr capacity was sufficient to market the forty tons of flour produced from our crops.

After our second year of milling, our market had expanded beyond our farm's production capability, which forced us to network with organic farmers in our area, Quebec, Ontario, Saskatchewan and the USA.

## Organic Flour

continued

Continuous development of micro-bakeries and bakeries as well as the strong growth of the organic industry led us from one mill to two and then four mills!

The on-farm location could no longer accommodate the growth and future needs. In 1997, a new larger plant was built in the town of Milan so that all production and staff could be centralized in one location.

Our new state of the art production facility (15,000 sq-ft) has a storage capacity for over 1,200 metric tons of cereal grains.

In 2004, the arrival of steel grinding wheels with a production capacity of 18 tons a day allowed us to offer our customers high-quality white flours adapted for special bakery products.

More than 75% of the wheat used comes from Quebec's producers. We also plan to increase our purchases of Quebec's products to encourage wheat culture in Quebec.

Our processing capacity is around 110 metric tons of organic flour weekly. We produce a range of flours with bolting rate (sifting) varying from 100% (integral flours) to 64% (unbleached white flours). Our packaging equipment can bag up to 30 units per minute.

## Flour Descriptions

**WHOLE WHEAT** flour is the result of grinding whole wheat grain (endosperm, germ and bran), which give this flour a brownish color and a light nutty taste.

It is important to read carefully the label and to look for the words “whole wheat” to be sure it is a whole wheat product, because an enriched flour with added bran does not make it a whole wheat flour even though its color is darker.

Whole wheat flour can replace white flour in most recipes, but it is sometimes necessary to slightly increase the quantity used. The product obtained will definitely be more nutritious, but its color and sometimes its volume will differ: the color will be darker, the flavor more pronounced, and the volume reduced.

The higher bran concentration is responsible for the reduced volume, because it does not contain glutinase, the enzyme making the gluten lose elasticity. To obtain lighter products, it is better to sift the flour several times before using and to carefully return the bran removed by the sifter into the flour.

**ALL-PURPOSE** flour is the result of grinding and mixing different varieties of tender and hard wheat. Accordingly to its name, this all-purpose flour can be used in multiple recipes, such as bread or baked goods. However, for best results, it is preferable to use hard wheat flour for bread making and tender wheat flour for baked goods and cakes.

## Flour Descriptions
**continued**

**UNBLEACHED** flour is not artificially bleached. Usually, flour is bleached with food additives for both aesthetic and economic reasons. In the old days, it was necessary to age the flour and use specific handlings to expose the flour to the air and allows its oxidation.

Nowadays, this aging can be obtained with bleaching agents, or whiteners, without prolonged storage. Oxidation of the flour strengthens its gluten and makes it more elastic which yield better results when baking.

Moreover, certain bleaching agents contain calcium or phosphorus and can therefore increase the nutritive value of the flour. However, unbleached flour possesses a more natural taste because it is free of food additives.

The presence of bleaching agents gives a lighter taste, a higher volume with a finer texture and a lighter color to the products because it is possible to use higher amounts of fat and sugar.

**BREAD** flour is the result of a mix of different varieties of hard wheat. It is slightly more granular and its very high protein content (gluten) does not allow household use. It is only used in bakeries.

***Artisan processing grains of high ecological value for your baker and your family.***

## Unbleached Winter Wheat All Purpose White Flour

ORGANIC
No Preservatives

**Origin and characteristics:**
Wheat probably originates from Asia. It has been part of our diet for more than 12000 years and it is still a staple. Actually, wheat represents a little more than 75% of the cereal consumption in Canada.

All-purpose flour is produced by grounding hard spring wheat on cylinders. It is sifted to take out the bran and it is not subjected to any bleaching treatment. From 100 kg wheat grains, 74 kg all-purpose flour is obtained. Accordingly to its name, this flour suits perfectly any recipes, whether it is breads or baked goods.

**How to eat it?**

This flour suits every recipe such as breads, muffins, cookies, cakes, pancakes, pie shells, and pastas!

## Whole Wheat Bread Flour

ORGANIC
Stone Ground
No Preservatives

Origin and characteristics:
Wheat probably originates from Asia. It has been part of our diet for more than 12000 years and it is still a staple. Actually, wheat represents a little more than 75% of the cereal consumption in Canada.

Whole wheat bread flour is produced with hard spring wheat ground on millstones. From 100 kg wheat grains, 98 kg whole wheat bread flour is extracted. The gluten of this flour is strong which makes it appropriated for breads.

The vitamin, mineral, and fiber content of whole wheat flour is superior to white flour because all the parts of the whole grain are preserved.

How to eat it?

As suggested by its name, this flour is perfect to make delicious hearty breads!

# Rye Flour

ORGANIC
Stone Ground
No Preservatives

**Origin and characteristics:**
Rye is a relatively recent crop and did not appear in our diet before the 4th century. This cereal is not widely consumed, but rye constitutes a staple in Scandinavia and East Europe.

Rye flour is produced with stone-ground fall rye grains. From 100 kg of these grains, 95 kg rye flour can be extracted.

**How to eat it?**
Try rye flour in breads, muffins, cookies, cakes, and pancakes to give your old recipes a new twist. To get better results, combine 1 part rye flour to 2 parts wheat flour.

## Sifted Bread Flour

ORGANIC
No Preservatives

**Origin and characteristics:**
Wheat probably originates from Asia. It has been part of our diet for more than 12000 years and it is still a staple. Actually, wheat represents a little more than 75% of the cereal consumption in Canada.

Sifted bread flour is made of stone-ground wheat. This flour is then sifted to take out the bran and to give it its lightness. Accordingly to its name, this flour is perfectly suited for bakery production.

**How to eat it?**
This flour is particularly interesting for bakery products.

## RECIPE

Sift the flour, baking powder, baking soda, salt, cinnamon, and ginger into a medium bowl and set aside. In a large bowl, using an electric mixer on medium speed, beat the pumpkin, sugar, and oil until smoothly blended, about 1 minute.

Stop the mixer and scrape the sides of the bowl as needed during mixing. Mix in the eggs one at a time until blended into the batter. On low speed, add the flour mixture, mixing just until it is incorporated. Mix in the chocolate chips until evenly distributed.

Scrape the batter into the prepared pan. Bake just until the top feels firm and a toothpick inserted in the center comes out clean, about 40 minutes. If the toothpick penetrates a chocolate chip, test another spot. Transfer the pan to a wire rack to cool for 20 minutes.

Loosen the sides of the cake from the sides of the pan and invert it onto the wire rack. Remove and discard the paper liner and let the cake cool completely.

Make the frosting. In a large bowl, using an electric mixer on low speed, beat the butter, cream cheese, and vanilla until thoroughly blended and smooth, about 1 minute. Stop the mixer and scrape the sides of the bowl. Add the powdered sugar, mixing until smooth, about 1 minute, then beat on medium speed for about 1 minute to lighten the frosting.

Place a serving plate on the cooled cake and invert the cake onto it so it is top side up.

Use a thin metal spatula to spread the frosting smoothly over the top of the cake.

Use a large sharp knife to cut the cake into 12 squares.

The frosted cake can be covered and stored in the refrigerator for up to
3 days. Let it stand at room temperature for about 1 hour before serving.

## Pistachio & Dried-Cherry Biscotti

**PREPARATION:**
Preheat oven to 350°F. Line a large rimmed baking sheet with parchment paper. Combine first 6 ingredients in the bowl of a stand mixer fitted with a paddle. Blend on low speed for 30 seconds. Meanwhile, in a separate bowl, whisk together eggs and next 5 ingredients. Add egg mixture to flour mixture; beat until combined. Fold in cherries and pistachios.

Transfer dough to a lightly floured surface; divide in half. Using floured hands, shape each dough half into a 16"-long log. Brush off excess flour; transfer logs to prepared sheet, spaced 5" apart. Flatten each log into a 2"-wide strip. Bake, rotating sheet halfway through, until browned and set, about 30 minutes. Transfer to a rack; let cool for 15 minutes. Reduce oven to 250°F and arrange 1 rack in top third of oven and 1 rack in bottom third.

Line a second baking sheet with parchment paper. Transfer biscotti to a work surface. Using a serrated knife, cut each strip diagonally into 1/3"- thick slices. Arrange slices, cut side down, on baking sheets. Bake biscotti, rotating baking sheets halfway through, until crisp, about 40 minutes. Transfer baking sheets to racks; let cool.

DO AHEAD: Can be made 3 days ahead.

Store in an airtight container at room temperature.

# RECIPE

## Carrot or Zucchini Nut Bread

**PREPARATION:**
Beat eggs, gradually adding sugar, oil and vanilla. Beat well.

Add dry ingredients 1 cup at a time. Mix 1 tablespoon flour with ½ cup chopped pecans.

Grate 2 cups carrots or zucchini. Add grated vegetables and pecans to batter and mix well by hand.

Pour into 2 greased and floured loaf pans and bake at 350 degrees for 1 hour or until cake tester comes out clean.

Cool in pan on rack for 10 minutes. Remove, let completely cool, wrap tightly and let mellow overnight.

Can be frozen.

Great to add to your Thanksgiving menu!

EMERALD COVE®

ORGANIC SUSHI NORI

For the Best Sushi, Get the Best Organic Nori

How EMERALD COVE® Organic Pacific Sushi Nori can be Certified Organic:

- Clean environment
- Sustainability of harvest
- Protection of other species and diversity
- Drying and processing methods comply with organic standards.

Also, we are required to have an organic inspection and certification in the country where the seaweed is grown, and then a US inspector also has to inspect before the USDA Organic certification is given.

## About
## La Morena

On behalf of Grupo Padilla, USA, we are pleased to introduce you to the **La Morena Brand** of fine products.

For over 50 years, the La Morena brand has embraced the guiding philosophy of "Quality & Tradition", identifying not only their objectives, but their mission as well.

Productos Alimenticios La Morena, SA. is a 100% Mexican company dedicated to the traditional processes that maintain the homemade flavor of their products. Despite the many technological advances over the years – their 43,000 meter facility preserves the quality and flavor to a discriminating consumer.

Located approximately 50 miles south-east of the capitol of Puebla, in the town of Rafael Lara Grajales, the company employs over 1300 employees and is an important economic factor not only in the region but for the state of Puebla, MX as well.

Today, in the U.S., La Morena enjoys legendary loyalty to immigrants from the region of Puebla due to their dedication to humanitarian efforts, fair business practices and their unwavering committment to producing the finest products possible.

A La Morena customer is one who appreciates quality and tradition – just as their philosophy implies.

## About **La Morena**
continued

### About the Product

La Morena products focus on Chili Peppers, Beans, Sauces and Fruits.

Selected from the finest harvest of the crop, La Morena refuses to use inferior vegetables and ingredients in their production. This is evident in every can of product produced.

### More than Price

As previously mentioned, retailers across the U.S. have recognized the unique opportunity that the La Morena brand brings to the category. In a category proliferated with commodity priced vegetables, only La Morena offers you the alternative of stocking a Premium quality and positioned brand to your shopper

### Segmentation and Value

Trading shoppers up to La Morena means greater profits and a more efficient brand for you on the shelf. As the premium category partner, both the price impact segment and private label segment benefit as consumers are offered choices that complete the category.

Nationally, La Morena is one of only two brands stocked by the leading national grocery outlet and regionally thousands of retailers such as Superior Grocers, Kroger / Food 4 Less, Food Maxx, over 350 independent grocers in the West, Food Lion in the South East, etc all have recognized La Morena as a valuable brand in the category.

About
## La Morena
continued

### Ongoing Growth

Building on an accumulated growth of over 200% over the past 6 years, La Morena is not only one of the most profitable brands but growth outpaces the category and competition. Some markets, such as the South West market have doubled in the past two years. There are two main factors –

Traditionalists – those who discriminate superior flavor, color and texture prefer La Morena. Shoppers recognize the "Select" status of La Morena, and reject other brands that might use "Field Run" quality product to meet price points.

Growing Distribution – As Grupo Padilla introduces the product to more markets, the brand is readily received and shoppers respond. La Morena is only one of three National Brands in the U.S.

We appreciate your time and consideration and look forward to a new partnership with you moving forward.

Sincerely,

Victor Padilla
Vice President
Padilla Group

EXTRA VIRGIN
OLIVE OIL

The Pons family has been growing and harvesting ORGANIC olive trees in Catalonia -Spain- since 1945, following a tradition that half a century later allows us to enjoy their magnificent Olive Oil.

*Enjoy tradition the healthy way*

DAGOBA
ORGANIC CHOCOLATE

## Dagoba
Organic Chocolate

Reverence for cacao dates back to Mayan times. To honor this history we dedicate ourselves to The Art of Chocolate Alchemy, transforming exceptional cacao into edible gold. We've scored our baking bar into 1 oz. portions for ease of use and included a favorite recipe inside the wrapper.

DAGOBA
ORGANIC CHOCOLATE

## Dagoba
## *Chai*
## Hot Chocolate

A uniquely spicy, flavorful blend of cacao powder, dark chocolate, cane sugar, ginger and chai.

Chai (pronounced \chī\) is the beverage from the Indian subcontinent made by brewing tea with a mixture of aromatic Indian spices and herbs.

•**Dagoba** has taken that mixture of spices and added them to our Authentic Drinking Chocolate to create a uniquely spicy and flavorful hot chocolate aligning with our Chai 37% Cacao Milk Chocolate bars.

•The new **Dagoba** Chai Drinking Chocolate joins the strong lineup of Dagoba organic,FairTrade certified drinking chocolates.

•New **Dagoba** Chai Drinking Chocolate is on trend as spice-infused Chai flavored beverages are growing in popularity in the USA, and are enjoyed in coffee houses and beverage bars everywhere.

***Organic***
***Fair Trade***

*Ingredients: Cacao powder, dark chocolate bits, cane sugar, crystallized ginger, essence of Chai*

## GuS Soda

GuS –
Grown-up Soda

**INTRODUCING!**

## Dry Root Beer

NEW YORK, New York (November 1, 2011) – GuS – Grown-up Soda, the New York-based line of less-sweet sodas introduces its Dry Root Beer, a 100%-natural and lower-sugar alternative to mainstream root beers.

Made with real birch oil, vanilla and notes of clove, with a light sweetness from cane sugar, GuS Dry Root Beer delivers a unique taste that sets it apart from typical syrupy sweet root beers. With only 95 calories, a full 40% less sugar than the average 160 calorie root beers, GuS is heavy on authentic root beer flavor and light on sugar aftertaste.

The new flavor debuts in November, says co-founder Steve Hersh,

"In response to the many consumer requests from loyal GuS drinkers for a root beer made in the less-sweet GuS style, we felt the time was right to answer the call. Given the success of our Extra Dry Ginger Ale and Dry Cola, the addition of another classic American flavor to our line makes perfect sense."

Available in single 12-ounce glass bottles sold in 4-pack carriers, As with all the GuS flavors, it is a distinctively dry soda that is lightly sweetened with cane sugar, gluten-free, caffeine-free and kosher.

## Maine Root

Handcrafted Beverages

***From Portland, Maine***

## NEW Flavor!

## Mexicane Cola

Maine Root recently launched Mexicane Cola at Expo East. If you have had a coke out of a tall, thick, clear glass bottle, it was most likely a Mexican coke.

You might not have even noticed the Spanish 'hecho en Mexico' on the painted label. You probably liked it better than a canned USA coke. The reason is that Mexican coke is made with cane sugar instead of high fructose corn syrup.

Mexican Coke is the de facto gold standard flavor profile when talking about colas. Maine Root takes it a step further and uses fair trade certified organic cane juice as the sweetener, and a small amount of Mexican vanilla.

***Maine Root Mexicane Cola is 'Hecho en Maine'***

Taste testers have told us Maine Root Mexicane Cola tastes a lot more natural because of the fair trade organic cane juice. We decided to name it Mexicane Cola as a shout out to our favorite tropical paradise in New England, Mexico, Maine.

Goes wicked good with whoopie pies, chowder, lobsters, covered bridges and rum when in the bob house.

## About **Porter Foods LLC**

Welcome to **Porter Foods LLC** where we offer our three types of Organic BBQ Sauce. We call them K.P.'s Organic Soakin' Sauce and the original recipe has been in Kent Porter's (KP's) family for nearly 50 years.

At **Porter Foods**, not only are we committed to providing you with a great tasting sauce, but one that's also nutritionally sound with no artificial additives of any kind.

For more than a year we searched the country for the highest quality organic ingredients while at the same time keeping the sodium and sugar content to around half of most other brands. This truly is a one of a kind BBQ flavor the entire family is sure to love. Check out favorite sauce ideas and enjoy a bottle today.

Remember,
"DON'T BE SHY, SOAK IT ON!
&
KEEP GRILLIN"

# Mariah's Chow Chow Relish

"Relish What You Eat!"

New Look
New Flavors

**Mariah's Relishes**
***have a new look and new enhanced Hot Hot Hot, with flavor!***

**Mariah's Chow Chow Relish** is all natural, made with fresh vegetables and combined with pure spices for a savory taste. That's the way our Great Grandmother Mariah made it way back then, and that's how we make it now. Our relishes contain no preservatives and no artificial coloring, low sodium and carbohydrates.

## What is Chow Chow?

**Mariah's Chow Chow Relish** is the gourmet relish with the southern flavor of vegetables and spices combined into a savory condiment.

**Mariah's Relishes** are excellent food enhancers and an everyday staple for most of your cooking needs; it is a flavoring for chicken, egg, tuna, and potato salads. It's delicious as a cream cheese dip or served alone with your favorite crackers or chips.

Mariah's
CHOW CHOW RELISH

## Mariah's Chow Chow Relish

"Relish What You Eat!"
continued

**Mariah's** relish is an excellent glaze for cooking chicken, pork, salmon, and swordfish; a healthy addition for sandwiches, and makes any hot dog or hamburger a special treat.

Grandma always served it with vegetables and those turnips, mustard greens, string beans and peas never tasted so delicious, not to mention that old southern favorite: cornbread.

We also recommend **Mariah's** relishes for snacking, or try our famous Cream Cheese Dip. Since **Mariah's** relishes are low in sodium, with no added preservatives for a naturally great taste, they're actually good for you.

***So open a jar and "Relish What You Eat."***

***FOUR FLAVORS:***

***Sweet & Hot***

***Sweet & Mild***

***Sweet & Spicy***

***Hot Hot Hot***

# RECIPE

## Dark Gingerbread Pear Cake

**PREPARATION:**

Preheat oven to 350 degree F with rack in middle. Butter and flour a 9-inch cake pan, knocking out excess.

Whisk together flour, baking soda, cinnamon, allspice, and salt.

Melt butter with water

Beat together brown sugar and molasses with electric mixer until combined. Add eggs 1 at a time, beating well. Beat in flour mixture at low speed until just combined. Add butter mixture and ginger, beating just until smooth.
Pour into cake pan.

Peel pear and cut into ¾ inch pieces. Scatter over patter in pan. Bake until wooden pick inserted into center comes out clean, about 35 minutes.

Cool slightly.

Serve with whipped cream, if desired.

RECIPE

## Pumpkin Whoopie Pies

DIRECTIONS:

Preheat the oven to 350°.

Line two baking sheets with parchment paper.

In a large bowl, whisk together the melted butter and brown sugar until smooth. Whisk in the eggs, pumpkin puree, pumpkin pie spice, 1 teaspoon vanilla, the baking powder, the baking soda and 3/4 teaspoon salt. Using a rubber spatula, fold in the flour.

Using an ice cream scoop or tablespoon, drop 12 generous mounds of batter, spaced evenly, onto each baking sheet. Bake until springy to the touch, about 10 minutes. Transfer to a rack to cool completely.

Meanwhile, using an electric mixer, cream the softened butter with the cream cheese. Add the confectioners' sugar and the remaining 2 pinches salt and 1/2 teaspoon vanilla; mix on low speed until blended, then beat on medium-high speed until fluffy, about 2 minutes.

Spread the flat side of 12 cakes with the cream cheese frosting.

Top each with another cake.

Can freeze the whoopie pies for up to three days.

RECIPE

## Granny Young's Molasses Cookies

continued

**PREPARATION:**

Cream shortening and sugar together. Add egg and molasses and beat until well blended.

Sift flour, add salt, soda and spices, Sift again.

Add dry ingredients to creamed mixture and mix thoroughly.

Chill dough in refrigerator

Shape chilled dough into 1 inch balls.

Roll balls in granulated turbinado sugar and place on greased cookie sheet 2 inches apart

Using a fork gently press top of ball into a criss-crossed pattern.

Bake at 350F degrees for 12-15 mins.

## Better Than Roasted ~ Just 4 Nuts Butter *Sprouted*

About Better Than Roasted®

**Better Than Roasted** presents a line of soaked, sprouted and dehydrated, certified organic raw nuts and seeds, whole nut and seed butters,

Our **Better Than Roasted** process maximizes the bioavailability of essential vitamins, minerals, and nutrients in our nuts and seeds. We begin with nuts and seeds that are raw, premium, whole, and certified organic. We then hand sort, soak, rinse, and dry them at a low temperature, not exceeding 108° F, which preserves temperature-sensitive enzymes and nutrients.

Once you try **Better Than Roasted**, you will agree that our sprouted nuts and seeds are not only better than traditional nut products, but healthier too!

**Raw, Vegan, Superfoods**

Premium, Whole, **Sprouted Nuts & Seeds**

No Preservatives, **Non-GMO**

USDA Certified **Organic** by Stellar Certification Services

Certified **Kosher** by Earth Kosher

**Made to Order** in Small Batches

Made in a **Peanut-Free** and **Soy-Free** Facility

## Better Than Roasted
~
## Just 4 Nuts Butter
*Sprouted*

continued

Our **Just 4 Nuts Butter** consists of whole, sprouted almonds, cashews, pecans and walnuts. Sprouted nuts are easier to digest and the nutrients are more easily absorbed in greater quantities.

A delicious blend that packs a healthy punch. Perfect for snacking at home, work or take them on a hike! A great way to boost your energy and your protein!

*Ingredients: Premium, Organic, Whole, Raw, Sprouted Almonds, Cashews, Pecans, Walnuts.*

***Item #9023***

## Mary's Vermont Maple Pecan Pie

Prepare your favorite 10 inch pastry crust and line your pie pan. Crimp edges.

Prepare oven to 375 degrees

Beat together the following, all at room temperature:

**INGREDIENTS:**
**4 eggs**
**1 cup sugar**
*Item #36522 Sugat*
*Granulated White Sugar*
**½ tsp. salt**
**½ butter, melted**
*Item #3093 Cabot Creamery*
*Natural Butter quarters*
**1 ½ cup Vermont Maple Syrup**
*Item #6511 Highland Sugarsworks*
*Organic Grade A Maple Syrup*
**Fold in 1/12 cups pecan halves**
*Item #31779 Aurora*
*Organic Raw Pecans*

**PREPARATION:**
Pour into pastry lined pie pan

Bake at 375 degrees for 40-50 minutes or until set

Middle will still jiggle, but don't allow to cook too long - it will crack.
Cool pie and eat!

**ADDITION:**
You can also add:
2 oz. unsweetened chocolate to butter (melted) to make Chocolate Maple Pecan Pie.

Yummy!

RECIPE

## Phyllis' Favorite Party Cookies

**DIRECTIONS:**

Cream oil or butter and sugars, then add eggs and vanilla. Add dry ingredients and finally add half of the chocolate sundrops.

Drop batter by teaspoon onto greased cookie sheet placing remaining chocolate sundrops on top of each cookie.
Bake at 350° for 10 minutes or until lightly browned.

SUGGESTION:
Cookie size balls of dough can be frozen to take out later and bake as needed.

RECIPE

## Ambrosia Macaroons

We southerners love ambrosia, a mélange of sliced juicy-sweet oranges and grated coconut.

The sweet salad has been a part of southern Christmas traditions for the better part of two centuries, and I thought it would be fun to use the coconut-orange combo in a new way.

I added some finely grated orange peel to classic coconut macaroons, then drizzled the cookies with bittersweet chocolate for a festive finish.

**INGREDIENTS:**

**1/2 cup (1 stick) unsalted butter, room temperature**
*Item #5928*
**3/4 cup sugar**
*Item #36522*
**1/8 teaspoon salt**
**2 teaspoons finely grated orange peel**
**3 large eggs**
**24 ounces sweetened flaked coconut (about 6 cups firmly packed)**
*Item #2524*
**6 ounces bittersweet chocolate, melted**
*Item #31901*

## RECIPE

**PREPARATION:**

Position rack in center of oven; preheat to 325°F. Line 3 large rimmed baking sheets with parchment. Using electric mixer, beat butter in large bowl until smooth.

Add sugar and salt; beat until blended. Beat in orange peel, then eggs, 1 at a time. Mix in coconut. Drop batter onto sheets by tablespoonfuls, spacing 1 1/2 inches apart.

Bake macaroons, 1 sheet at a time, until golden on bottom and browned in spots, 25 to 30 minutes. Cool completely on sheets.

Using fork, drizzle chocolate over macaroons. Chill on sheets until chocolate is firm, about 30 minutes.

About
## Bush Foods

**Bush Foods Overseas Pvt. Ltd** was the first Rice Company in India to be certified for SA 8000 (Social Accountability). As a part of our ongoing commitment to the environment & society, we did not limit our responsibilities and started looking for ways and means to reduce our impact on the climate beyond what our patrons require or what the law requires.

With this approach in mind, we studied the various impacts of our operations on the climate and we voluntarily started focusing on higher levels of hygiene standards to reduce the incidence of pests and insects.

We have also improved our infrastructure by using silos to reduce use of wood in our warehouses in the form of wooden pallets. The company is incessantly committed to improve its operations and is striving to find more eco-friendly storage options.

We recognize our responsibilities towards the environment and are continuously looking to build up suitable eco-friendly strategies in sync with our business strategies.

Premium high quality old crop basmati, aged to perfection.

***The best traditional basmati rice by far!***

NEESA

About
## Neesa SELECT
*Basmati Rice*

This unique grain is known for its tantalizing flavor, magical aroma and delicate fluffy texture. Like Champagne, pure basmati rice can only be grown and harvested in one place on earth, at the foothills of The Himalayas. Our Grains are purity tested; as we believe only pure basmati has the unique characteristics.

Raw organic Agave Bear

About Our
**Agave Bear ™**

**Agave Bear** is the healthy alternative to traditional sweeteners like sugar and honey.

Made from raw organic agave nectar, this plant based sweetener has gone through a centrifugation process which allows the agave nectar to remain as close to its raw state as possible.

To produce organic agave nectar, juices from the agave plant are extracted, filtered and never heated to more than 118 degrees Fahrenheit. Although there are less expensive and faster ways to produce agave syrup, this method maintains the raw character and nutritional content of the syrup.

Agave syrup contains many important minerals such as magnesium, iron, calcium and potassium.

Raw organic Agave Bear

## About Our Agave Bear ™
continued

**Agave Bear** is also low-glycemic and will not spike your blood sugar levels like traditional sugars. With its mild flavor and ability to dissolve quickly, our organic agave sweetener is the perfect addition to many of your favorite foods, beverages and baked goods.

The Aztecs prized the agave plant as a gift from the gods and used the liquid from its core to flavor foods and drinks. Now, due to increasing awareness of agave nectar's many beneficial properties, it is becoming the preferred sweetener of health conscious consumers.

Give your sweet tooth a healthy break with Agave Bear organic sweetener!

HIMALAYAN CROWN

## Himalayan Crown (Basmati Rice)

***Product of India***

From the ethereal snow-fed valley of the Himalayas, comes India's finest authentic basmati rice. Grown and nurtured in the most fertile of Punjab, it is a rare gift of nature.

This pure basmati rice also epitomizes the true spirit of India with its authentic taste. Regarded as the 'King of rice' and the 'queen of basmati', you just can't escape feeling blissful, the very moment you take the first bite and let those slender grains melt in your mouth.

Kosher

*Ingredients: Basmati Rice*

***Item #20358 – 20# bag***

RECIPE

# Harvest Pear Crisp with Candied Ginger

continued

**(from pg. 53)**

**PREPARATION:**

For topping:
Whisk first 4 ingredients in medium bowl. Add butter. Working quickly so butter does not soften, rub in with fingertips until moist clumps form. Stir in oats, almonds, and ginger. Chill while preparing filling.

DO AHEAD: Can be made 1 day ahead. Cover and keep chilled.

For filling:
Preheat oven to 350°F. Whisk first 4 ingredients in large bowl. Add pears; toss. Transfer to 13 x 9 x 2-inch oval baking dish.

Sprinkle topping over pear mixture.

Bake until topping is crisp and golden brown and juices are bubbling, about 50 minutes.

Serve warm.

A New Kind of
**Single Serve Coffee**:
Convenience with a
Conscience

Single serve coffee is the fastest growing segment in the coffee market today. Even though the consumer gets a high quality, cost-effective cup of gourmet drip coffee, many have voiced stark criticism about the blind eye that is being turned toward the environmental impact of the trend.

Keurig, owned by Green Mountain Coffee, is the driving force behind this burgeoning market segment. This year alone over 5 billion Keurig K-Cups will be sold, used and then discarded by consumers. Most of those non-biodegradable plastic-and-foil K-Cups will end up in our landfills.

**Eko Brands, LLC** is a Seattle based company determined to be ecologically responsible in the single-serve coffee segment. Because of this conviction, the Ekobrew, a reusable filter for use with Keurig single cup coffee brewing devices, was born.

RECIPE

## Pear Upside-Down Cake

continued

**PREPARATION:**

Preheat oven to 350°.

Butter pan; line bottom with a parchment-paper round. Whisk four, cornmeal, baking powder, and salt in a small bowl.

Stir 1/4 cup sugar and 2 tablespoons water in a small saucepan over medium-low heat until sugar dissolves.

Increase heat to medium-high. Boil syrup without stirring, occasionally swirling pan and brushing down sides with a wet pastry brush, until sugar turns dark amber, 8–10 minutes.

Remove pan from heat; add 1 tablespoon butter (caramel will bubble vigorously) and whisk until smooth. Pour caramel into prepared cake pan and swirl to coat bottom.

Peel, halve, and core the pears. Place flat on a work surface and cut lengthwise into 1/8"-thick slices. Layer slices over caramel, flat side down, overlapping as needed.

Mix remaining 3/4 cup sugar, 8 tablespoon butter, and vanilla in a large bowl.

Using an electric mixer, beat on medium speed until light and fluffy, about 3 minutes. Add yolks one at a time, beating to blend between additions and occasionally scraping bowl.

Beat in flour mixture in 3 additions, alternating with milk in 2 additions, beginning and ending with flour mixture.

RECIPE

## Pear Upside-Down Cake

continued

Using clean, dry beaters, beat egg whites on low speed in a medium bowl until frothy.

Increase the speed to medium and continue to beat until whites form soft peaks. Fold about 1/4 of the whites into cake batter. Add in remaining whites; gently fold just to blend.

Pour batter over pears in pan; smooth top.

Bake cake, rotating pan halfway through, until top is golden brown and a tester inserted into the center comes out with a few small moist crumbs attached, about 1 hour.

Let cool in pan on a wire rack for 30 minutes. Run a thin knife around the inside of pan to release cake.

DO AHEAD: Can be made 1 day ahead. Store airtight at room temperature.

Invert cake onto a plate; remove parchment paper. Serve warm or at room temperature with whipped cream or caramel gelato, if desired.

RECIPE

## Scalloped Oysters

6 servings

**INGREDIENTS:**

2 pints fresh oysters
**2 cups cracker crumbs**
*Item #7172 Barbaras Rite Lite Cracker Rounds*
**¾ stick butter, melted**
*Item #90173 Vermont Butter & Cheese Lightly Salted Butter Roll*
**3 tsp. lemon juice**
**Sea salt & Fresh ground pepper**
**1 cup heavy cream**
**½ cup oyster juice**
**2 Tbsp. Sherry**
**1 ½ Tbsp. Worcestershire Sauce**
*Item #15145 Wizard Organic Worcestershire Sauce*

**PREPARATION:**

Drain oysters, reserve juice

Preheat oven to 350 degrees

Combine crumbs, butter, lemon juice, salt & pepper

Sprinkle 1/3 crumb mixture over the bottom of a 6 cup buttered gratin dish

Cover with ½ drained oysters

Repeat again ending with oysters on top

Whisk together heavy cream, oyster juice, Sherry and Worcestershire Sauce

Pour over oysters

Top casserole with remaining 1/3 crumbs

Bake for 40 minutes

RECIPE

# Chocolate Hazelnut Crinkle Cookies

Yield: Makes about 7 dozen cookies

Active time: 30 min

Total time: 4 hr

These classic rich, chewy cookies crack — or, yes, crinkle — as they bake. Hazelnuts, cocoa, and chocolate come together to make them particularly potent.

**INGREDIENTS:**

**2/3 cup hazelnuts**
*Item #21778*

**2 tablespoons granulated sugar**
*Item #36522*

**6 oz. fine-quality bittersweet chocolate (no more than 60% cacao if marked), finely chopped**
*Item #4476*

**2 3/4 cups all-purpose flour**
*Item #21339*

**2 tablespoons unsweetened cocoa powder**
*Item #30468*

**2 teaspoons baking powder**
*Item #1239*

**3/4 teaspoon salt**

**1 stick (1/2 cup) unsalted butter, softened**
*Item #3099*

**1 1/2 cups packed light brown sugar**
*Item #36521*

**2 large eggs**

**1/4 cup whole milk**

**1 teaspoon pure vanilla extract**
*Item #41395*

**3/4 cup confectioner's sugar**
*Item #1421*

**Special equipment: parchment paper**
*Item #15541*

RECIPE

## Chocolate Hazelnut Crinkle Cookies

continued

**PREPARATION:**

**Make dough:**
Put oven rack in middle position and preheat oven to 350°F.

Toast hazelnuts in a shallow baking pan in oven until skins split and nuts are pale golden, about 10 minutes. Remove from oven (turn oven off), then wrap hazelnuts in a kitchen towel and rub to remove any loose skins. Cool nuts completely. Pulse nuts with granulated sugar in a food processor until finely chopped.

Melt chocolate in a metal bowl set over a saucepan of barely simmering water or in top of a double boiler, stirring until smooth. Remove bowl from heat and set aside.
Whisk together flour, cocoa powder, baking powder, and salt in a bowl.

Beat together butter and brown sugar in another bowl with an electric mixer at medium-high speed until creamy, about 3 minutes. Add eggs 1 at a time, beating well after each addition, then beat in melted chocolate until combined.

Add milk and vanilla, beating to incorporate. Reduce speed to low and add flour mixture, mixing until just combined. Stir in nut mixture. Cover bowl with plastic wrap and chill dough until firm, 2 to 3 hours.

RECIPE

## Chocolate Hazelnut Crinkle Cookies

continued

**PREPARATION:**

**Form and bake cookies:**
Put oven racks in upper and lower thirds of oven and preheat oven to 350°F. Line 2 large baking sheets with parchment paper.

Sift confectioners sugar into a bowl. Halve dough and chill 1 half, wrapped in plastic wrap. Roll remaining half into 1-inch balls, placing them on a sheet of wax paper as rolled. Roll balls, 3 or 4 at a time, in confectioners sugar to coat generously and arrange 2 inches apart on lined baking sheets.

Bake, switching position of sheets halfway through baking, until cookies are puffed and cracked and edges feel dry (but centers are still slightly soft), 12 to 18 minutes total. Transfer cookies (still on parchment) to racks to cool completely.

While first batch is baking, roll remaining dough into balls. Line cooled cookie sheets with fresh parchment, then coat balls with confectioners sugar and bake in same manner.

Cooks' note: Cookies keep, layered between sheets of parchment or wax paper, in an airtight container at room temperature 5 days

RECIPE

# Double Chocolate Peppermint Crunch Cookies

Yield: Makes about 50
Active time: 1 hour
Total time: 2 hours 50 minutes

Crushed peppermint candies make a festive, crunchy topping for these pretty cookies.

**INGREDIENTS:**

**2 1/2 cups bittersweet chocolate chips (do not exceed 61% cacao; 15 to 16 ounces), divided**
*Item #4476*
**1 1/2 cups all-purpose flour**
*Item #21339*
**1/4 cup natural unsweetened cocoa powder**
*Item #30468*
**1 teaspoon baking powder**
*Item #1239*
**1 teaspoon instant espresso powder**
*Item #2616*
**1/2 teaspoon salt**

**1/2 cup (1 stick) unsalted butter, room temperature**
*Item #3099*
**1 cup sugar**
*Item #36522*
**1 teaspoon vanilla extract**
**Item #41761**
**1 teaspoon peppermint extract**
*Item #32224*
**2 large eggs**
**4 candy canes or 16 red-and-white- striped hard peppermint candies, coarsely crushed**

**PREPARATION:**

Preheat oven to 375°F. Line 2 large rimmed baking sheets with parchment paper. Stir 2 cups chocolate chips in medium metal bowl set over saucepan of simmering water until melted and smooth. Measure 2/3 cup melted chocolate; transfer to small metal bowl and reserve for drizzling.

## RECIPE

**PREPARATION - cont.:**

Whisk flour, cocoa powder, baking powder, espresso powder, and salt in medium bowl. Using electric mixer, beat butter in large bowl until creamy. Add sugar and both extracts; beat until smooth.

Add eggs; beat to blend. Beat in melted chocolate from medium bowl. Add dry ingredients; beat just to blend. Stir in remaining 1/2 cup chocolate chips. Measure 1 level tablespoonful dough; roll dough between palms to form ball. Place on prepared baking sheet. Repeat with remaining dough, spacing cookies 1 1/2 inches apart.

Bake cookies until cracked all over and tester inserted into center comes out with large moist crumbs attached, 8 to 9 minutes. Cool cookies on baking sheet 5 minutes. Transfer cookies on parchment paper to racks to cool completely.

Rewarm reserved 2/3 cup chocolate over small saucepan of simmering water. Using fork, drizzle chocolate over cookies. Sprinkle crushed candy canes over, arranging some pieces with red parts showing. Chill just until chocolate sets, about 20 minutes.

DO AHEAD: Can be made 3 weeks ahead. Store airtight in freezer. Bring to room temperature before serving.

# RECIPE

## Hazelnut Shortbread Sticks

**PREPARATION** - cont.

Using electric mixer, beat butter and sugar in large bowl until smooth. Beat in 1/2 cup finely ground hazelnuts and vanilla. Beat in flour mixture until just combined.

Shape dough by tablespoonfuls into 3-inch-long logs. Place on prepared baking sheet, spacing 1 inch apart. Bake cookies until light golden brown around edges, about 20 minutes.

Cool on baking sheet 5 minutes. Transfer to rack; cool cookies completely.

Stir milk chocolate in top of double boiler over barely simmering water until melted and smooth. Remove from over water.

Place 1/3 cup coarsely chopped hazelnuts in small bowl. Dip 1 end of cookie into melted chocolate, then into coarsely chopped hazelnuts.

Return to rack.

Repeat with remaining cookies.

Let stand until chocolate is set, about 1 hour.

DO AHEAD - Cookies can be made 2 days ahead.

Store in airtight container at room temperature.
